Commissioner for Patents

The Reply Brief has been noted.

Additionally, Examiner has 2 comments.

1. No new grounds of rejection have been presented.
2. Figures 5-7 and Claims 1-56, particularly Claims 33-37 clearly teach the passing of "additional information" as claimed by Appellant. Examiner further notes that Appellant is responsible for reading and understanding all cited references in their entirety. Thus, Examiner does not agree with Appellant and maintains the final rejection as noted in the Examiner's Answer dated 21 March 2006.

The final rejection should be sustained and the Examiner affirmed.
